2											<input type="checkbox"/> Y/N		
FINAL SCORE													

Eight (8) round targets will be utilized for the track. The 80CM Targets may either be FITA paper targets or Rhinehart 80CM Targets. **They may be placed in any order depending on track design.** Track design is flexible to accommodate your site's particular terrain features. However, there must be a minimum of two turns which would cause the average horse to perform a lead change both times. A simple track design would be a figure 8. The course can be as complex as you want as long as you have minimum distance to targets.

The eighth target is a 122 CM ROUND FITA Target. It should be placed on the track, so a competitor has the opportunity to hit it a minimum of three times. Per IHAA rule, if you hit any of the 80 cm targets more than once, only the highest scoring arrow counts.

TARGET	SIZE	DISTANCE	POINTS
Target 1	80 CM ROUND Backshot	8M	1-2-3-5-7
Target 2	80 CM ROUND Front shot	8M	1-2-3-5-7
Target 3	80 CM ROUND Side shot	5M	1-2-3-5-7
Target 4	80 CM ROUND Side Shot	7M	1-2-3-5-7
Target 5	80 CM ROUND Side Shot	10M	1-2-3-5-7
Target 6	80 CM ROUND Offside Angled	3M	1-2-3-5-7
Target 7	80 CM ROUND Ground Shot	0M	1-2-3-5-7
Target 8	122CM ROUND FITA	30M	10 pts per hit

NATIONAL RANKING SCORE CONVERSION	
Final Score / 118 = Percent rounded to the third decimal place. Scores above 100% are possible. A score of 30% or 35.40 points qualifies for national ranking.
